## FRANKE KWIK KEGS.

Kegs from Stock.

Benefit from the market leader in stainless steel beverage containers. Franke maintains an inventory of all standard US keg sizes. They are quickly embossed with your brand and ready for duty right away.

### Kegs from US-stock:

- US standard keg sizes ready to ship
- Order any keg size and quantity
- Orders usually ship in 7-10 business days
- Embossing and silk screening available for all sizes and quantities
- Color stripes or custom logos

For more information see: [www.kwik-keg.com](http://www.kwik-keg.com)

## KEG SERVICING.

Functional Restoration.

### Valve Refurbishment and Service

- Franke uses OEM valve components
- All valve service has original manufacturer's warranty
- Valve service is recommended every 5 - 7 years

### High Pressure Internal wash

- Eliminate beer stone, bacteria and other residues

### De-Denting

- Eliminate dents to ensure proper keg cleaning and reduce scrap costs

### Chimb Straightening

- Bent chimbs lead to off-center necks and valves
- Our Service ensures a quality filling and cleaning process

### Neck Adjustment

- A bent neck skews the extractor tube, preventing the keg from being cleaned properly
- Off-centered extractor tubes prevent kegs from being properly filled and also leaves unused beer in the keg

## OLD KEG. NEW LIFE.

New branding.

### Chimb replacement

- Removal of old chimb
- Production of a new chimb with customer brand embossing
- MAG welding of the new chimb using the superior Franke welding technology

### Rebranding

Re-brand your used kegs to make sure that they are returned to your brewery

- Top chimb knurling makes existing embossing unreadable
- Paint and belly band removal
- Paint and belly band application
- Custom logo silk screening
