Product Range 2012

# Kubus Undermount Sinks

NEW

The new Kubus undermount range offers a sleek, ultra-modern look within the kitchen. The Kubus range features deep bowls with radiused corners enhancing hygiene. It's the ultimate geometric shape for sharp profiles in solid surfaces, with iconic good looks. Three different sizes are available, an assortment of bowls may be added to fully optimise your kitchen environment and to suit your requirements.

- polishes and
- revitalises Stainless Steel

**Product Code: 303207**

**WARRANTIES:**

- Sinks: 25 years against corrosion
- Mixers: 5 years on body
- Cartridges for mixers: 2 years

## Cleaning and Maintenance

### Cleaning procedure

Clean the Stainless Steel as often as experience dictates (i.e. when noticeably dull or dirty) and use the simplest cleaning procedure that will effectively “do the job”.

- Stainless Steel reacts best to clean water or mild detergent solution, applied with a soft cloth or sponge, rinsed well and wiped dry.
- Routine, simple, gentle and inexpensive cleaning will retain both the corrosion resistance and appearance of Stainless Steel through years of exposure and use. Occasionally a small amount of Inox Creme may be used on a soft cloth wet with the detergent solution to remove stubborn dirt or slight incipient stains. Rub gently.

### Cleaning do's

- Employ regular routine cleaning rather than an occasional aggressive single cleaning.
- Only use propriety brands of cleaners that state “SUITABLE FOR STAINLESS STEEL”, such as Inox Creme.
- Always rinse and dry as the final step in a cleaning procedure.

### Cleaning don'ts

- Do not use coarse abrasive powders.
- Do not use metallic scourers or brushes with metal bristles.
- Do not use the so termed “silver cleaners”.
- Do not use acids (except nitric acid in specific instances).

### Storage of products

Product research has proven that certain household products which may be stored underneath a sink, can lead to damage of the sink's base. Chlorine is the major culprit and can be found in: chlorine for swimming pools; household bleach; bathroom cleaning products such as toilet cleaners, mildew treatments and tile cleaners; kitchen cleaning products - especially liquid cleaners; powders for dishwashers and laundry detergents. Preserve the life and beauty of your sink by storing these products away from the sink area in a well ventilated cupboard that is preferably child-proof.
