OVERVIEW OF FUNCTIONS / SYMBOLS

OVENS

- **Oven light**
  - Illuminates the inside of the oven

- **Defrost**
  - Ideal for defrosting frozen foods

- **Double grill with fan**
  - Grilling large amounts with forced convection

- **Double grill**
  - Air circulates while using the double grill function

- **Grill**
  - Perfect for grilling meat and poultry on one level

- **Grill with fan**
  - Air circulates while using the grill function

- **Top / bottom fan assisted**
  - Traditional cooking on one level with forced convection

- **Top / bottom heat**
  - Traditional cooking, baking and roasting on one level

- **Bottom heating element**
  - Heat comes from below

- **Top heating element**
  - Heat comes from above

- **Fan forced**
  - Heating element surrounds a fan distributing hot air evenly

- **Pyrolytic function**
  - Self-cleaning functionality

- **Quick start**
  - Runs all fans and elements, ideal for pre-heating the oven

- **Pizza setting**
  - Ideal for cooking pizza, quiches and tray baked foods

MICROWAVES

- **Microwave**
  - Used for cooking and re-heating food

- **Dessert setting**
  - Ideal for heating desserts

- **Weight defrost**
  - Defrosts frozen foods by utilizing the weight of the food

- **Meat setting**
  - Ideal for heating meat and poultry

Founded in 1911, Franke was built on a foundation of precision engineering and traditional craftsmanship.

Over 100 years later, those principles endure, while a focus on the changing needs and lifestyles of our customers has helped us become the world’s largest manufacturer of kitchen sinks.

VALUES

Many things have changed in the past century, but what is always the same is a set of values, characterised by respect, trust and openness. The values of innovation, entrepreneurship, quality and stylish design were at the heart of Hermann Franke and continue to be at the heart of the business, as we enter a second century of intelligent design and stunning innovation.

A CENTURY WITHOUT COMPROMISE

The Franke story began as a small sheet-metal business in Rorschach, Switzerland, established by Hermann Franke in 1911. Since then, we’ve established efficient and economic manufacturing facilities all around the world.
BUILT IN OVENS

Arguably the most important addition to any kitchen, the Franke Designer Oven is an expression of absolute elegance with its black glass finish. You can be sure your Franke oven will cope with even the most intensive daily demands, year after year and still look great. We care about every single detail. Self-cleaning programs, clear displays, comfortable handles - these are just some of the details that make a Franke kitchen a joy to cook in, every time.
60CM PYROLYTIC OVEN

Features:
- Self clean oven
- 10 functions
- 70L oven capacity
- LED Display
- Telescopic runner
- Quadruple glazed oven door
- Child lock

Telescopic Runner
Enjoy the effortless sliding of these fully expandable telescopic runners as an added convenience when removing hot or heavy items from your oven.

Self-clean Oven Function
Benefit from the pyrolytic function as it does all the hard work when it comes to cleaning and maintaining your oven in the best condition.

WARRANTY TERMS AND CONDITIONS

During the Warranty Period, Franke will either repair or replace defective components at no charge to the customer. Franke has the right to replace the defective Appliance with an Appliance of the same value if Franke determines that repairing the Appliance is not cost effective.

Where the Appliance is situated outside the normal servicing area of the Franke authorised technical service network, the purchaser is responsible for payment of the service agent’s travelling costs to the place of installation or repair. Franke is not liable for the cost of freight incurred as a result of the Appliance (or any part) being forwarded, collected or returned following repair. Such charges remain the sole responsibility of the purchaser.

Except as set out above and to the extent Franke may not lawfully exclude liability, Franke will not be liable for any loss or damage (including consequential, exemplary, punitive or incidental loss or damage) however caused, including negligence, which may be suffered or incurred or which may arise directly or indirectly from, or in connection with, the Appliance or any failure of or defect in the Appliance.

The benefits conferred by this warranty are in addition to all other rights and remedies a purchaser may have under any Commonwealth, State and/or Territory laws which cannot be lawfully excluded.

This Franke appliance ("Appliance") is guaranteed against manufacturing defect for 2 years from the date of purchase “Warranty Period”.

To make a warranty claim, the purchaser must contact the Franke National technical service centre (03) 9700 9100. Proof of purchase is required showing details of the supplier, the date of purchase and the product identification number.

This warranty is only valid if the following conditions are met:

- The Appliance is only used for domestic use in Australia and New Zealand;
- The Appliance has been installed, operated and maintained in accordance with the operating instruction booklet provided with the Appliance;
- The appliance has been installed in accordance with all governing energy regulations;
- The defect, damage to or failure of the Appliance constitutes or arises from a manufacturing defect in the Appliance and is not:
  - (a) due to any repair, adjustment or other work performed by a person other than an authorised Franke technical service agent;
  - (b) due to the use of non-genuine parts;
  - (c) due to negligent operation of the Appliance;
  - (d) caused during shipping; or
  - (e) due to an event of force majeure, including
