MAKE IT WONDERFUL

FRANKE
We create wonderful products, you create your perfect kitchen.

Beautiful taps, outstanding sinks, innovative cooker hoods and powerful waste disposal units. These are the kind of wonderful products Franke create to help you create your perfect kitchen.

But making something wonderful takes time. And at Franke, we’ve been pushing the boundaries for over 100 years. Founded in 1911 we have constantly built upon a foundation of precision engineering, traditional craftsmanship and exceptional design.

Today, as the world’s largest manufacturer of kitchen sinks, we continue to evolve – with products that meet our customers’ needs and which reflect the market’s ever-changing tastes and trends.

From the latest colours and textures to new and innovative materials, we’re constantly developing and updating our offering; improving our range and driving change. Because change is a wonderful thing.

Over the last couple of years, the kitchen has become one of the more colourful areas of the home. From cabinets and worktops to appliances and accessories, we’ve begun to brighten things up with brighter shades, modern metallics and mixed palettes.

Colour is a wonderful thing

Is Oyster to your taste?

With its luxurious connotations, Oyster is a colour that can add real class to your kitchen. There’s a warmth and earthiness to its tone, that ties back to nature and ensures a grounded, more relaxed ambiance.

With products like the Oyster Trendline Plus hood, Oyster Fresno and Kubus sinks and our Zelus Fawn tap all keying into this emerging trend, you can create a more co-ordinated and connected look.
Working hand in hand with colour, texture is another way to introduce warmth and interest to your space. And with our stunning Urban Fragranite sink, you can add both.

Available in a choice of 10 colours, including Sage Grey, Orion Grey or Denim Grey, the choice of high quality, highly tactile material means that the Urban Fragranite is just as beautiful to touch as it is to behold.

Modern metallics continue to prove popular, with gold making a perfect match with bold blues and greens. Choosing gold handles, hinges and taps can add warmth and sophistication, elevating the style of any kitchen. And designs like our Minerva 4-in-1 boiling water tap in Champagne Gold can help you to achieve the look easily.

Think inside the box, think Box Center

The brilliant Box Center packs a lot into its space saving design. Ideal for all sizes of kitchen, it features our separate compartment bowl. Compatible with this and a number of our other sinks, this acts as neat storage for an array of accessories.

Putting knives, chopping boards, a draining rack and strainer bowl within easy reach for improved workflow, it’s your optimised food preparation station.

Whether you choose the flushmount or undermount option, the stunning stainless steel finish goes beautifully with brass pendants, and other metallic accessories. While on trend pale pastel shades work wonderfully on walls, boxing off the look beautifully.
In Mythos, we’ve made something truly wonderful

Sometimes the simplest things can be the most stunning. Take the fabulous new Mythos sink. Another minimalist masterpiece, the flushmount Mythos has a seamless 6mm rim that integrates perfectly with the work surface.

Then there’s the round flush waste cover – a key design detail which gives Mythos a smoother base and protects pots and glasses. And because it’s always good to have options, the Mythos is also available as an undermount. But whichever one you choose, it’s sure to add something wonderful to your kitchen.

TACTILE AND APPEALING, THE PRE-BRUSHED FINISH ADDS A UNIQUE DIMENSION TO MARIS’S DESIGN

PRICES FROM £195
Maris is made for a cleaner look

The confident styling and pre-brushed finish of our Maris bowl sinks can bring a strong, clean feel to your space. Available in a range of sizes, and in either inset or undermount versions, Maris matches up perfectly with the Maris Pull out Spray tap or even our Zelus tap range.

Also, try pairing your Maris with clean white worktops, cabinets and tiles, plus brushed steel switches and fittings.

Use a cool grey on your walls to complete the contemporary look. Or go for an occasional pop of colour to add a wonderful warmth.
Beautifully durable Fragranite

An ultra-modern and exceptionally elegant choice, our Fresno and Kubus Fragranite sinks will brighten up your kitchen with their highly desirable and distinctive finishes.

This beautiful yet extremely durable material is resistant to stains, scratches, impacts and thermal shocks, both our Fresno and Kubus sinks are available in Matt Black, Onyx, Stone Grey, Oyster, Polar White or delicious Coffee. The warm, textural quality of all these colour options means they go wonderfully well with solid granite or natural wood worksurfaces.

Complete the look with neutral paint shades, matt black pendants, concrete planters, matt black cruets, vases and other accessories with black and metallic bowls.

FOR A TOTALLY CO-ORDINATED LOOK, CHOOSE A SINK AND HOOD IN THE SAME OYSTER FINISH
Urban Fragranite – think grey and interesting

The beautiful Urban Fragranite sink is available in a cool, contemporary choice of colours.

Perhaps you’ll opt for the Orion Grey, or maybe the softer Sage Grey. Or you could find that the Denim Grey option is the perfect fit for your kitchen. Alternatively the Matt Black, Oynx, Stone Grey, Oyster, Polar White, Graphite or Coffee finishes might be more your thing. Whichever shade you choose is sure to impress.

Both beautiful and versatile, this sink can be either inset or flushmounted. Plus, with a highly tactile finish and feel, the Urban in Fragranite perfectly reflects the trend for including interesting textures in the home.
Kubus - Hardworking design, effortless style

A prime example of hardworking, durable design; it’s little wonder that our Kubus is such a popular, versatile choice.

The Kubus Ceramic Undermount in Gloss White, Matt Pearl Grey or Graphite looks perfect in a country kitchen setting. Pair up with rustic panelling and creamy marble worktops for a homely, welcoming feel.

Or if you prefer a more modern look, try the Kubus Fragranite in Polar White, Coffee, Onyx, Oyster, Stone Grey or Matt Black. Simply find your match, undermount it in your choice of worktop, then contrast it with brick, exposed plaster and other rugged textures for a bold, urban look.
The reversible KBK 160 shown opposite, lets you position the sink so that the small bowl is on the left or right.

The clear benefits of Vital Capsule

Enjoy cleaner, healthier, better tasting water with the innovative Vital Capsule System. The first tap of its kind, the Vital Capsule’s compact, easy change filter combines activated carbon with a high-tech membrane to remove 99.9% of bacteria and 99.9% of viruses.*

At the same time, the Vital Capsule filters out 99% of microplastics, plus rust, sediments and other small particles. It also helps to reduce single use plastics and save you money by removing the need to buy bottled water.

Available in a choice of designs and colours, the Vital Capsule System can be complimented with an additional chiller element, delivering glass after glass of pure, cool, refreshment.

*All Vital taps are supplied with a High-Performance filter as standard, but for those rare occurrences where an enhanced water flow rate is required, Franke have developed the High-Flow filter which is a superb alternative providing continuous high flow rates in areas where the High-Performance filter can get congested prematurely due to excessive sediment contamination in the water. The High-Flow filter has a mesh size that is 20 times finer than ordinary household filters. As a result, rust, dirt and fine sediments are filtered out for cleaner water. Please note, the High-Flow filter does not remove microbial cysts, microplasts, bacteria and viruses.
For hygiene, nothing touches the Atlas Sensor

In a world where good hygiene has become more important than ever, the intuitive Atlas Sensor with touchless operation is so easy to use – delivering water with a wave of the hand. It’s also easy to clean; being a soft form design with less steps where dirt and bacteria might gather, no rosette and a flush infrared sensor window.

With a Stainless Steel finish and pull-out nozzle option available, the Atlas Sensor’s high spout depth and height make cleaning larger items easier. It can also be retro-fitted, making it a smart and sanitary addition to your existing kitchen.

And to keep the atmosphere light and airy, Cloud comes in a pleasing selection of Silver and Matt Black or White Silk and Chrome shades.

Complete the look with contrasting grey paint shades, brushed steel lighting, onyx and stone accessories and storage and herbs in matt black pots.
Real chefs cook with steel

For over 100 years, stainless steel has been the material at the heart of the Franke brand. Beautiful, durable and practical, professional cooks everywhere trust stainless steel to perform in even the most demanding kitchen environments.

Famed for our stainless steel taps and sinks, Franke also offer Stainless Steel worktops. Fabricated to your exact requirements and available in a range of finishes including our stunning PearlFinish and DiamondFinish.

Add your choice of integrated accessories to create a kitchen worthy of the world’s most celebrated chefs.
Our beautiful Franke PearlFinish is both waterproof and fingerprint proof.
While we’re all conscious about reducing the amount of food we throw away, the UK still generates around £19bn worth of food waste every year*. With substantial amounts of this ending up in landfill, food waste continues to be a big problem and one that needs tackling.

That’s why a Franke waste disposal unit (WDU) makes such a wonderful addition to your kitchen. Ideal for disposing of fruit and vegetable peelings, small fish or chicken bones, coffee grounds, pips and seeds, eggshells, nutshells and leftover rice harmlessly into the sewers, a WDU is a quick, easy and efficient way to prevent organic waste going into landfill.

*Source: wrap.org.uk

Also designed to fit neatly into most standard cabinets, our Waste Sorter Bins make recycling so simple.

With separate containers for cans, plastic, paper, food waste, each features a lid to contain odours plus carry handles that can also be used to secure waste bags.
Waste disposals are a neat idea, in more ways than one. Conveniently tucked away under your sink, they can keep your kitchen free of unsightly food waste and the odours that go with it.

And if you’re worried about how much cupboard space a WDU will take up, it’s worth knowing that our Turbo Elite Slimline model is only about the size of a large bottle of bleach. Easy to fit and operate, installing a compact Franke waste disposal in your kitchen can have a big impact on the wider world.
Service and support - we’re here to help
