MAKE IT WONDERFUL

## Great to-go coffee experiences for your customers and your business

Grow your business, strengthen customer loyalty, and improve productivity. True customer satisfaction starts with pure coffee enjoyment. Today's business success also relies on the mindful management of resources and the optimization of processes. Together with our Franke fully automatic coffee machines and our Franke Coffee Technologies, we're your partner for a profitable and lasting to-go coffee business.

### Consistent high in-cup quality with iQFlow™

Once your customers have tasted your perfect espresso, they'll come back for more. It's that simple, especially with our unique iQFlow™ technology.

Programmed to your specifications, iQFlow™ is your key for reliable, great coffee experiences every time.

- ◆ Get the most from every roasted coffee bean with iQFlow™ intelligent aroma extraction
- ◆ Create and program a signature aroma for your to-go coffee business
- ◆ For every machine in your fleet, across every location

### First Shot is always ready

You need to make every first coffee experience with your to-go coffee brand count. After all, one visit can create more visits. That's why our First Shot technology is your best shot. Programmable to your specifications, First Shot ensures every selected hot beverage is as hot as you need it to be - consistently and all day long, from the very first in the morning to the very last at night.

- ◆ Consistent, reliable beverage temperature every time
- ◆ Reduce wasted beverage output
- ◆ Improve the customer experience and strengthen customer loyalty

### Improve the coffee-to-cup ratio – optimizing resources with Franke Optical Cup Recognition

Boost profits by stamping out waste as well as POS confusion. Ensure your to-go coffee machine accurately matches each coffee beverage to the correct sized cup with Franke Optical Cup Recognition\*. Unique to the market, Franke Coffee Technologies uses cameras to match cup capacity to the beverage output before dispensing.

- ◆ Enhance the customer journey and improve waiting times
- ◆ Intuitive on-screen prompts and guidance improve the user experience
- ◆ Beverage output matched to cup volume every time
- ◆ Ensure efficient use of raw materials and ingredients by reducing beverage waste
- ◆ Recognizes your choice of single-use cups, heat-proof glassware, ceramics and porcelain, aluminum beverage containers

### Effortless hygiene with cleaning adapter for single spout dispenser

- ◆ Single spout dispenses all beverages centrally to enhance the customer journey
- ◆ Cleaning adapter ensures cleaning without disassembly for an accurate and streamlined process
- ◆ Fully automatic hygiene with Franke CleanMaster reduces manual cleaning-related tasks as well as machine downtime
