

MAKE IT WONDERFUL

## PRESS RELEASE

TO BE RELEASED IMMEDIATELY

### **Foammaster™: Premium Grade for Quality and a Range of Flavors**

**The Foammaster™ from Franke Coffee Systems belongs to an elite class of premium fully automatic coffee machines. No matter if you're preparing coffees or multifaceted drink creations with the perfect froth, the Foammaster™ is everything you could ever want from a modern beverage solution.**

It isn't just the fine design of the Foammaster™'s elegant black enameled casing that will win you over. This all-rounder's simple and innovative means of operation also make it attractive. All of the available drinks can be conveniently selected and pulled up using the innovative and individually customizable touchscreen.

### **The Revolutionary Touch**

Franke Coffee Systems again demonstrates its strong capacity for innovation in the world of coffee machines with its intuitive touchscreen technology. The integration of a generously proportioned 10.4-inch touchscreen makes it fun and easy for employees and customers alike to operate the Foammaster™. Selections can be displayed on a total of three different operation modes. The Foammaster™ will also accommodate individual display preferences for menu cards and drink pictures (customer pictures can also be used) as well as cup sizes and flavors. This makes it possible for offerings to be perfectly adjusted to match the needs of the guests. Any beverage can be easily selected by a convenient touch.

## **Coffee Specialties for Every Taste**

The Foammaster™ is perfect for preparing trendy hot and cold drink creations quickly and easily. From flavored milk to coffee specialties and the perfect latte macchiato, all the way through to the classic espresso - anything is possible. An integrated chocolate dispenser and flavor station (with up to three different flavors) mean that the Foammaster™ really does master all possible preparation options with the flick of the wrist.

## **Individuality with a System**

With the Foammaster™, Franke Coffee Systems is putting a creative tool at restaurateurs' disposal. They can use it to indulge their individual preferences and to develop unique drink compositions. At any time offerings can, for example, be adapted seasonally or for special occasions. Even the consistency of the milk froth can be programmed individually for each specialty.

## **Large Display – Intuitive Operation**

The Foammaster™ always performs at the highest level, even when it comes to cleaning and maintenance. Franke's tried and tested practical cleaning system makes it possible to clean the machine hygienically and easily with minimal time expenditure while ensuring that it conforms to HACCP standards. Such optimal maintenance guarantees that the Foammaster™ serves up first-class enjoyment every day. With the Foammaster™, Franke Coffee Systems delivers a revolutionary fully automatic machine providing every food service operation with the perfect drink variety, satisfied guests, and significantly higher drink sales.
