Franke Fast-In Quick Install Kitchen Sink System Offers Traditional Styling and No-Tools-Required Installation

RUSTON, LOUISIANA (SEPTEMBER 17, 2015) — The **Fast-In Quick Install System**, featured on Franke's new sink line, is perfect for today's active homeowners, offering a simple no-tools-required, top-mount installation; convenient double-bowl design; and traditional styling.

The new stainless steel sink line from FrankeUSA features the Fast-In Quick Install System, a no-tools-required installation system.

Ideal for laminate, tile and solid-surface countertops, the quick and easy installation of the Fast-In system makes a kitchen remodel the perfect weekend project for any do-it-yourself homeowner. Homeowners need only drop the top-mount sink through the counter-surface opening and press down until the built-in Fast-In clips click into position.

“You don’t need to be a contortionist to install this sink,” says Heather Jach, retail marketing manager at FrankeUSA. “It simply drops right into place, so you can spend more time making your sink work for you and less time working on your sink.”

The sink’s stainless steel composition offers not only a popular, timeless design, but also durability and sustainability. Stainless steel sinks do not rust, chip or stain, and they are easy to clean and maintain.

Other key features:

- The 18-gauge stainless steel build makes it quieter and more durable than comparable sinks.
- Sound-dampening pads allow for ultra-quiet use.

MAKE IT WONDERFUL

Fast-In Quick Install Kitchen Sink System, *continued*

- Measuring 33½ inches wide x 22½ inches deep overall, the sink has two extra-large bowls whose nine-inch depth allows for easy washing and filling of large pots and pans.
- The narrow center divider, unique slim-rim design, and extra-deep ledges provide optimal work space while helping to keep water in the sink and off the countertop.
- The drop-in design also includes a universal four-hole configuration for a faucet, a spray and accessories.

With a list price of \$420, this FrankeUSA sink featuring the Fast-In Quick Install System comes with a limited lifetime warranty. It is currently available at selected Lowe's stores across the country.
