OPEN UP NEW HORIZONS
EXOS. accessories and washbasins
OPEN UP NEW HORIZONS

EXOS. the new Franke system line, opens up new horizons with its accessories and washbasins for public and semi-public areas.
One line. One system.
One consistent design language, clear-cut shapes, a high quality standard, modular options for customised solutions. Sustainability is the key concept here.

EXOS. by Franke.
One line. One design.
Functionality in perfect harmony.
EXOS. ONE LINE

EXOS. by Franke for public and semi-public areas represents the future. For a system that opens up new horizons and combines worlds. The world of accessories and the world of washbasins. The world of functionality and design. For wheelchair accessible, customised areas. Straight lines, sophisticated, timeless. Perfect for every room. Personalised. A perfectly designed system.

EXOS. by Franke.
Perfectly designed architecture in evidence.
Highest quality. Tangible throughout the line.

Consistent design language
The line can be harmonically integrated into any new or existing architectural setting due to its clear-cut, consistent, timeless, elegant design and material.

EXOS. by Franke represents harmony.
Distinctive throughout the line.

Modular functionality
EXOS. accessories and washbasins guarantee optimum design flexibility for architecture and planning. The line is suitable for individual, customised solutions for new or existing public or semi-public areas.

All EXOS. products are modular in design and the system will be constantly expandable and upgradeable: The front panels of the accessories are exchangeable and the operation of the soap dispenser can be changed. The bowls and the length of the washbasins can be selected. Thus the whole line represents a comprehensive range that guarantees maximum reliability and planning flexibility and the highest quality modular range of features.

EXOS. by Franke - there's method in it.
Perfect solutions throughout the line.

Exceptional quality
Well established materials, such as stainless steel, glass and mineral granite are used for EXOS. All EXOS. system components are high quality, easy to clean and durable.
The whole line - from the use of different materials up to modular washbasin designs - takes modern requirements into consideration.

EXOS. by Franke is quality.
Tangible throughout the line.
EXOS. ACCESSORIES

EXOS. accessories by Franke – functionality and performance. Interchangeable fronts made of high quality materials, such as stainless steel and glass, are beautifully designed and can be incorporated individually in any architectural setting. Clear-cut lines. Sophisticated shapes. The timeless design makes for harmonious proportions.

EXOS. accessories by Franke.
Features and design in harmony.

EXOS. accessories
With EXOS. accessories, Franke is setting a new direction: Clear-cut design, modular systems and high quality materials.

By the use of interchangeable fronts in different sorts of materials, such as stainless steel and glass, different room ambiences can be created. Flexibility can also be found in the soap dispenser product group. Here the inner operation can be easily changed from electronic to manual, from liquid soap to foam soap. This is possible at any time, even retrospectively.

EXOS. offers modular flexibility.
Throughout the range.

bottom left: EXOS. Electronic soap dispenser with white glass front
EXOS. WASHBASINS

With EXOS. washbasins, Franke has created a unique, perfectly designed system line. With an uniform design language for the whole EXOS. washbasin range. For both standard and also customised solutions.

EXOS. washbasins by Franke. For a perfectly designed system application.

EXOS. washbasins
EXOS. mineral granite washbasins stand out because of their universal flexibility and their modular system. High quality and distinctive design as well as tailor made functionality can be experienced. The use of high quality stainless steel waste covers underlines once more the harmony of the system line.

EXOS. washbasins are excellent for any type of solution in standard areas, wheelchair accessible and customised washrooms. The selection ranges from common standard sizes up to variable dimensions. The range also stands out because of its different bowl sizes, washbasin lengths and integrated additional fitting options.

Increased comfort, safety and ergonomics were taken into account in the design, the dimensions of the worktops, the design of the integrated grab rails and the deliberate separation of wet and dry areas.

EXOS. offers modular flexibility. Throughout the range.
EXOS. MATERIAL

Franke's modular EXOS. system with its range of high quality materials is perfect for any situation. Customised. Modular. In existing or new architectural settings.

EXOS. and its materials.
Sophisticated, high quality, robust, modern, easy to clean and hygienic. Everything well thought out. In one design line.

Stainless steel
The use of stainless steel as a basic material for equipment in public and semi-public washrooms is standard, for good reason. This well established material combines a stylish appearance with functionality and durability. It can be perfectly combined and can be harmoniously supplemented with materials such as glass and ceramics. Because of its material properties, stainless steel can take on and reflect the colours of its environment. Stainless steel products can easily be integrated into almost any room. This material sets standards.

Stainless steel with InoxPlus refinement
With Franke's InoxPlus surface coating the already easy to clean stainless steel has been approved once more. And so, annoying finger prints which previously often adhered stubbornly to stainless steel now belong practically in the past.

This is a technology where nano particles interlock with the molecules on the metal surface and thus nestle closely against microscopic imperfections. The results are deep finished, easy to clean, fingerprint-resistant surfaces.

MIRANIT
Sanitary equipment made of solid MIRANIT resin-bonded mineral material are eminently suitable for the modern and simultaneously aesthetic design of washrooms in institutions. MIRANIT products made in the truest sense of the word in one piece without bond seams and joins stand out because of their excellent properties - a high level of stability and an elegant look and feel. The smooth, pore-free, hygienic, easy to clean gel coat surface also offers extremely high resistance.

Toughened safety glass
Single glazed toughened safety glass is a material which, like stainless steel, is distinguished by its timeless character and its ability to be combined with other materials. Glass and stainless steel represent high quality and timeless elegance. You can no longer imagine modern room design without these two materials. Therefore, the deliberate combination of the two materials is particularly attractive.

In accordance with safety requirements in washrooms Franke only uses toughened safety glass.
Sanitary Equipment EXOS.

EXOS. Automatic soap dispenser

Automatic soap dispenser for wall mounting, stainless steel with satin finish and InoxPlus surface refinement, material thickness 1.2 mm, inspection window on side, infrared sensor activity for non-touch operation, LED display for low battery status, requires four 1.5 V AA batteries, suitable for liquid soap and lotions, includes 800 ml refill tank, dispenses 0.6 - 1.1 ml depending on soap, includes mounting materials. Fronts available in different versions.

120 x 325 x 120 mm (W x H x D)

InoxPlus-coated main housing and front panel
EXOS625X

InoxPlus-coated main housing, black toughened safety glass front panel
EXOS625B

InoxPlus-coated main housing, white toughened safety glass front panel
EXOS625W

EXOS. Soap dispenser

Soap dispenser for wall mounting, stainless steel with satin finish and InoxPlus surface refinement, material thickness 1.2 mm, inspection window on side, suitable for liquid soap and lotions, 800 ml refill tank, with stainless steel push lever, easy to refill with soap tank on front panel, includes mounting materials. Fronts available in different versions.

120 x 345 x 120 mm (W x H x D)

InoxPlus-coated main housing and front panel
EXOS618X

InoxPlus-coated main housing, black toughened safety glass front panel
EXOS618B

InoxPlus-coated main housing, white toughened safety glass front panel
EXOS618W

EXOS. Foam soap dispenser

Foam soap dispenser for wall mounting, stainless steel with satin finish and InoxPlus surface refinement, material thickness 1.2 mm, inspection window on side, with stainless steel pull lever, suitable for Franke foam soap, includes mounting materials and 650 ml Franke foam soap. Fronts available in different versions.

120 x 357 x 120 mm (W x H x D)

InoxPlus-coated main housing and front panel
EXOS616X

InoxPlus-coated main housing, black toughened safety glass front panel
EXOS616B

InoxPlus-coated main housing, white toughened safety glass front panel
EXOS616W
### EXOS. Automatic soap dispenser, recessed

Automatic soap dispenser for recessed mounting, stainless steel with satin finish and InoxPlus surface refinement, material thickness 1.2 mm, infrared sensor activity for non-touch operation, LED display for low battery status, requires four 1.5 V AA batteries, suitable for liquid soaps or lotions, includes 800 ml refill tank, dispenses 0.6-1.1 ml depending on soap, includes mounting material. Fronts available in different versions.

124 x 500 x 120 mm (W x H x D)

- InoxPlus-coated main housing and front panel
  - EXOS625EX
  - Item-number: 2030034639

- InoxPlus-coated main housing, black toughened safety glass front panel
  - EXOS625EB
  - Item-number: 2030034641

- InoxPlus-coated main housing, white toughened safety glass front panel
  - EXOS625EW
  - Item-number: 2030034668

### EXOS. Soap dispenser, recessed

Soap dispenser for recessed mounting, stainless steel with satin finish and InoxPlus surface refinement, material thickness 1.2 mm, suitable for liquid soap and lotions, 800 ml refill tank, with stainless steel push lever, easy to refill with soap tank on front panel, includes mounting materials. Fronts available in different versions.

124 x 500 x 120 mm (W x H x D)

- InoxPlus-coated main housing and front panel
  - EXOS618EX

- InoxPlus-coated main housing, white toughened safety glass front panel
  - EXOS618EW
  - Item-number: 2030034667

### EXOS. Foam soap dispenser, recessed

Foam soap dispenser for recessed mounting, stainless steel with satin finish and InoxPlus surface refinement, material thickness 1.2 mm, with stainless steel pull lever, suitable for Franke foam soap, includes mounting materials and 650 ml Franke foam soap. Fronts available in different versions.

124 x 500 x 120 mm (W x H x D)

- InoxPlus-coated main housing and front panel
  - EXOS616EX
  - Item-number: 2030034634

- InoxPlus-coated main housing, black toughened safety glass front panel
  - EXOS616EB
  - Item-number: 2030034636

- InoxPlus-coated main housing, white toughened safety glass front panel
  - EXOS616EW
  - Item-number: 2030034666

Surface treatment for the optimisation of cleaning characteristics (easy to clean) and water drainage as well as the reduction of finger marks.
Conversion kits for EXOS. Soap dispenser

Automatic soap dispenser conversion kit including automatic unit, refill tank, assembly plate and mounting material. For liquid and foam soap dispenser EXOS618/E and EXOS616/E.

ZEXOS625K 2030022954

Liquid soap dispenser conversion kit including soap pump, refill tank, stainless steel lever, assembly plate and mounting material. For automatic soap dispenser and foam soap dispenser EXOS625/E and EXOS616/E.

ZEXOS618K 2030022956

Foam soap dispenser conversion kit including soap pump, disposable cartridge, stainless steel lever, assembly plate and mounting material. For automatic soap dispenser and liquid soap dispenser EXOS625/E and EXOS618/E.

ZEXOS616K 2030022955

### EXOS. Multiple washbasin / washbasin solution - Standard

Multiple washbasin made of MIRANIT resin-bonded mineral material, with pore-free, smooth gelcoat high-polished surface (temperature-resistant up to 80°C), with storage surfaces and integral back panel with integrated brackets for wall mounting. The unit has up to 5 seamless moulded bowls, no overflow and lowered tap ledge with tap hole. Variable gaps between bowls, available with/without apron or gel-coated edges. Individual washbasin length up to 3600 mm, with or without splashback. Mounting material, strainer waste DN 32, anti-theft device for waste cover with InoxPlus coating included. Colour: Alpine white.

Minimum dimensions: 600 x 125 x 500 mm (W x H x D) (bowl 380 mm)
Minimum dimensions: 700 x 125 x 500 mm (W x H x D) (bowl 500 mm)

**Surface treatment for the optimisation of cleaning characteristics (easy to clean) and water drainage as well as the reduction of finger marks.**
EXOS. Washbasin solution - wheelchair accessible

Washbasin solution, wheelchair accessible, made of MIRANIT resin-bonded mineral material, with pore-free, smooth gelcoat high-polished surface (temperature-resistant up to 80°C), with integrated grab rails, storage surfaces and integral back panel with integrated brackets for wall mounting. It has a seamless moulded bowl, no overflow and lowered tap ledge with tap hole. Individual washbasin length up to 3600 mm, with/without splashback. Mounting material, strainer waste DN 32, anti-theft device for waste cover with InoxPlus coating included. Colour: Alpine white.

Minimum dimensions: 780 x 125 x 500 mm (W x H x D) (bowl 380 mm)
Minimum dimensions: 900 x 125 x 500 mm (W x H x D) (bowl 500 mm)

**Bowl:**
- 380 x 90 x 340 mm
- 500 x 90 x 340 mm

**Manufacturing dimension:**
Washbasin length: ...... mm (max. 3600 mm)

**Splash back:**
- Rear splash back: ...... mm (min. 10 mm / max. 100 mm)

**Holes:** for
- Soap dispenser
- Stainless steel waste disposal barrel
- Waste disposal flap
- Waste disposal with Gelcoat
- Paper towel dispenser

Detailed specifications regarding type of installation will be clarified when the order is received using manufacturing specifications (available on request from Franke).

EXOS. Hand washbasin - wheelchair accessible

Hand washbasin, wheelchair accessible, made of MIRANIT resin-bonded mineral material, with pore-free, smooth gelcoat high-polished surface (temperature-resistant up to 80°C), with integrated grab rails, storage surfaces and integral back panel with integrated brackets for wall mounting. It has a seamless moulded bowl, no overflow and lowered tap ledge with tap hole. Mounting material included. Colour: Alpine white.

Washbasin: 500 x 121 x 400 mm (W x H x D)
Bowl: 280 x 90 x 274 mm (W x H x D)

ANMW0003 2030020676

Optional:
- ZANMW900 Dome waste valve DN 32 2000100861
- ZANMW901 Strainer waste DN 32 2000100854

Surface treatment for the optimisation of cleaning characteristics (easy to clean) and water drainage as well as the reduction of finger marks.
