

# CAMBRINO BABY CHANGING TABLES

## Four variants for different spatial conditions

When you are out and about with a baby or small child, at a motorway service station, train station, airport or just walking around town, everyone knows how important it is to have an easy-to-use changing table in public and semi-public sanitary facilities.

The fact that this equipment is easy to access, clean and hygienic for our little ones, contributes to a positive overall impression of the sanitary facilities. The new space-saving CAMBRINO baby changing tables from Franke's accessories range offers an the optimum product solution for this.

- Hinged baby changing table for horizontal or vertical wall mounting
- Surface made from polypropylene with antibacterial Biocote® protection provides a safer, more hygiene finish
- Includes nylon safety strap with hooks on both sides
- Integrated shock absorbers make it easy and safe to open and close with one-hand
- Designed in line with standards and certified in accordance with EN 12221-1 and EN 12221-2
- Also available with brushed stainless steel front panel
