- Banana Peanut Butter and Oats Smoothie 63
Undermount
Undermount sinks provide an edgeless finish and are installed underneath the work surface.

Apron Front
The sink is exposed in the front for a bold look.

Topmount
These sinks have a rim that extends over the countertop surface.

Fast-In™
Securely anchors a topmount sink to the countertop without the need for clamps, fixing rails or screws.

INSTALLATION TYPE

STAINLESS STEEL
Durable and hygienic, stainless steel is one of the most frequently used materials for kitchen sinks.

FIRECLAY
Fireclay is made of liquid ceramic, which is then heated to create a material that feels incomparably smooth and is tremendously hard-wearing.

GRANITE
Sinks made of granite are elegant and bring a natural look into the kitchen. Composed of 80% quartz sand and 20% hard acrylic resin for long-lasting durability.

SELECTING YOUR PERFECT SINK

What’s a perfect kitchen without a perfect sink? Franke understands how important sinks are to the flow and function of your kitchen. And that’s why we offer a wide selection of sinks in a range of materials with flexible installation options.

BOWL CONFIGURATION

Single Bowl. A single bowl is ideal for handling large pots. They are available in a variety of sizes, ideal for both limited space and large spaces.

Double Bowl. Double bowl sinks provide additional options. These sinks offer greater flexibility in the kitchen, such as having one bowl for washing and one for rinsing dishes.

CABINET SIZE
The length and depth of the cabinet on top of which the sink will be located are the factors that determine the maximum size of an installed sink. A new sink’s exterior length and depth dimensions should measure several inches less than the cabinet.

BOWL DEPTH
Normal depth usually ranges from 7 to 9 inches. A deeper bowl more easily accommodates the use of large pots and cookware. A shallower bowl provides greater comfort while working in and reaching to the bottom of the sink.

CABINET SIZE
The length and depth of the cabinet on top of which the sink will be located are the factors that determine the maximum size of an installed sink. A new sink’s exterior length and depth dimensions should measure several inches less than the cabinet.

CHEF CENTER COLLECTION

ART OF INNOVATION

The Chef Center is a new concept that transforms the sink into the heart of the kitchen, and the kitchen into the heart of the home. Thoughtfully designed and engineered in Switzerland, the Chef Center enhances entertaining, maximizes creativity and simplifies cleanup as a complete kitchen solution.

The Chef Center’s wide basin accommodates large pots and pans easily. The multi-level sink grid and roller mat are practical accessories designed for any kitchen task, including drying dishes, rinsing fruits and vegetables and more. A generously sized drain board features a sloped design that fits over the edge of the sink to direct water back into the sink.

As the center of the action, this is where entertainment and preparation become an interactive affair. Cutting boards become serving boards, and self-draining bins are perfect for ice buckets. Your sink becomes a seamless part of your kitchen’s serving area.

perfect pairing

Professional 2.0 P52X110-27 sink paired with a Steel FFP3450 faucet
HOMEMADE PAPPARDELLE
WITH PUTTANESCA SAUCE

INGREDIENTS

For the Pasta:
• 1 ¼ cups of semolina flour
• 1 ¼ cups of all-purpose flour
• 4 large eggs

For the Sauce:
• 2 tablespoons of extra virgin olive oil
• 8 thinly shaven cloves of garlic
• 4 chopped anchovies
• ¼ cup of assorted pitted and sliced olives (black, green and kalamata)
• 2 tablespoons of capers
• 2-28 ounce cans of whole plum tomatoes, juice drained
• Kosher salt and fresh cracked pepper to taste
• Fresh chopped parsley, basil and oregano for garnish
• Parmesan cheese for garnish

MAKE IT!

Pasta: Sift together both flours onto a clean cutting board and form a well.
Add the eggs to the center of the well and whisk with a fork until scrambled
and then slowly incorporate the flour into the whisked eggs until it is completely
combined. Knead for 1 minute to ensure it is mixed in completely, add water if
the pasta is too dry, form a ball and set aside for 20 to 30 minutes.

Next, divide the dough ball into 3 even parts and roll out each one until it is the
18” by 24”. Place on a flour-dusted sheet tray lined with parchment paper
and let rest for 20 minutes. Repeat with the other two dough balls.

Next, fold the dough over several times and slice it to your desired thickness;
about ¾” for pappardelle. Repeat the process until all the dough has been cut.
Toss dough with a little flour and place on a sheet tray lined with parchment
paper. Let sit for 20 to 30 minutes.

Sauce: In a large sauté pan with olive oil over medium heat, cook the garlic
and anchovies until lightly browned. Add the olives, capers, tomatoes and
salt and pepper and simmer over low heat. Cook the noodles in a large pot of
boiling salted water until they are al dente, or slightly firm, strain and add them
to the sauté pan with the sauce and toss. Season with salt and pepper. Serve
the pasta with fresh chopped parsley, basil and oregano and top with grated
parmesan cheese.
CUBE COLLECTION

CLASSICALLY MODERN
Single bowl or double bowl, large or small, there’s a Cube to fit your space and needs. Understated and sleek, it enhances a range of kitchen designs. COLOR YOUR KITCHEN WITH GRANITE

A granite sink from Franke offers natural beauty, along with a host of features every hard-working kitchen needs. Composed of quartz sand and hard acrylic resin, Franke’s granite sinks resist heat, stains, scratches and chips. Choose from a palette of beautiful colors to create a kitchen that reflects your style.

WONDERFUL FOR ACTIVE FAMILIES

Thanks to the Sanitized® treatment, Franke is recognized as a pioneer in the development of granite compounds for sinks. Sanitized® reduces the growth of bacteria on the granite surface by 99%. In most cases, simply wiping the surface with a soapy nylon brush, then rinsing thoroughly is all you need to do to ensure that your granite sink will retain its beauty for years.

INTELLIGENT KITCHEN SOLUTIONS

START IMAGINING WHAT’S REALLY POSSIBLE IN YOUR KITCHEN

More efficient ways to prep, clean and utilize the space of your kitchen sink more efficiently – Franke kitchen tools add greater ease to most any kitchen task. Cutting boards, colanders, drain racks, disposers and more, all work together to turn your sink into a wonderful workstation.
FILET MIGNON WITH BRUSSELS SPROUTS AND BACON

INGREDIENTS
For the Brussels Sprouts:
• 10 strips of bacon, chopped
• 4 cups of brussels sprouts, about 20-25, thinly shaved and packed
• ½ cup of sliced almonds
• Kosher salt and fresh cracked pepper to taste

For the Steak and Toppings:
• 1 cup of balsamic vinegar
• ¼ cup of soy sauce
• 2 tablespoons of brown sugar
• 1 tablespoon of honey
• 1 stick + 2 ounces of softened unsalted butter
• ½ cup of crumbled bleu cheese
• 2 8-ounce filet mignon steaks
• 1 tablespoon of olive oil
• Kosher salt and fresh cracked pepper to taste

MAKE IT!
Brussels Sprouts: Add the bacon to a large pan and cook over medium-high heat until crisp. Remove the lardons and add the brussels sprouts to the pan with the rendered bacon fat and sauté for 5 to 7 minutes or until lightly browned. Add the bacon back into the pan along with the almonds, salt and pepper. Keep warm.

Balsamic-Soy Sauce: Add the balsamic vinegar, soy sauce, brown sugar and honey to a medium pot and cook over medium-low heat until it reaches a temperature of 216° or until it becomes thick like a reduced balsamic vinegar glaze. Set aside.

Bleu Cheese Butter: In a medium bowl whisk together the bleu cheese and 1 stick of softened butter until combined. Chill before serving.

Steak: Season the steak on all sides with salt and pepper. Add the olive oil to a medium sauté pan over medium-high heat until it lightly smokes then sear the filet mignons. Add 2 ounces of butter and baste the steak constantly until it is browned on all sides and the desired internal temperature is achieved, about 5 to 6 minutes per side for medium-rare. Remove the steak and let it rest on a plate for 3 to 4 minutes before serving. Serve the steak with the brussels sprouts. Top with bleu cheese butter and a drizzle of balsamic-soy sauce. Note: There will be some sauce left over.
MADE FOR YOUR STYLE

DESIGNING FAUCETS TO THE FINEST STANDARDS

From extravagant to purist. From satin nickel to polished chrome. Whether you prefer a flexible, pull-out head or integrated water filter, Franke has a faucet to meet every kitchen need. Your favorite Franke faucet will be the perfect match for your ideal Franke sink.

SEMI-PROFESSIONAL FAUCETS

If you ever dreamed of owning a faucet like the pros use, we have faucets to make it a reality. With the power, precision and flexibility of commercial kitchen faucets, they stand up to any home kitchen task.

PULL-OUT & PULL-DOWN FAUCETS

Nothing is out of reach with our pull-down and pull-out faucets. Easy one-hand operation makes these faucets adaptable to most every need and extends to even the hardest-to-reach corners of your sink.

POT FILLERS

Pot fillers offer the ultimate in convenience, letting you fill pots without carrying them from sink to stove. They also eliminate that awkward maneuvering of large cookware that doesn’t fit below the faucet.

POINT OF USE FAUCETS

Get clean, healthy water for cooking and drinking from a single source. Choose a hot, cold or filtered cold faucet for fresh and refreshing water at your fingertips.
Pescara faucets are elegantly designed with an abundance of functional features. The innovative rear-docking spray head puts Pescara on the “must have” list of so many home chefs.

HOW DO YOU KNOW IT’S PURE?
Invisible to the eye and even to the tongue, contaminants, lead, toxins, industrial pollutants, pesticides and even diseases are passed through local water systems into our homes. Unfortunately, filtration pitchers don’t offer much real protection, and bottled water just creates more refuse. Only Franke StillPure gives you the confidence that every drop you drink is as pure as possible.

The Franke StillPure app takes the guess work out of knowing when to replace your filter. StillPure tells you to change the filter before it starts passing contaminants on to your family. And there’s an entire family of Franke StillPure products to help ensure that your kitchen water is pure.

EVERY DROP IS WONDERFUL
Franke pioneered multi-tasking kitchen faucets. Today, our beautifully designed range of point-of-use faucets, which dispense hot, cold and filtered water, are considered the blueprint for faucets that go the extra step. By combining the beauty of our most stylish designs and the technologically advanced ceramic water filtration of the Franke StillPure system, we’ve created the perfect addition to a health-focused kitchen.
LEMON TART WITH MASCARPONE AND FRESH BERRIES

INGREDIENTS

For the Crust:
- 2 cups of all-purpose flour
- ½ cup of powdered sugar
- 1 stick of unsalted ice cold butter, cut into pieces
- pinch of salt
- 4 ounces of ice cold water

For the Filling:
- 2 eggs
- 2 egg yolks
- ¼ cup of sugar
- zest of 1 lemon
- juice of 1¾ lemons
- 1 stick of unsalted ice cold butter, cut into pieces
- 16 ounces of mascarpone cheese
- 4 ounces of cream cheese
- ¼ cup of powdered sugar
- assorted fresh berries

MAKE IT!

Preheat the oven to 400°.

Crust: In a food processor pulse together the flour, powdered sugar, butter and salt until the butter is the size of rice. Slowly drizzle in the water while pulsing until texture is mealy. Remove the dough and roll out until it is ⅛” thick and form it to an 8” tart pan. Bake 400° for 12-15 minutes or until lightly browned and cooked. Let cool.

Curd: In a large metal bowl over a medium-size pot of boiling water, whisk together the eggs, egg yolks, ¼ cup of sugar, zest of 1 lemon and juice of 1¾ lemons until it becomes very thick, like a custard, about 2 to 4 minutes. Be sure to constantly whisk. Remove the bowl and whisk in the butter until it has melted. Refrigerate until completely cooled.

Using a standing mixture with the whip attachment, mix the mascarpone and cream cheese on high speed until light and fluffy. Add the remaining lemon zest, lemon juice and powdered sugar. Mix until combined then fold in the chilled lemon curd. Pour the mixture into the cooked pie shell and cool overnight or until firm. Garnish with berries and serve!

**BANANA PEANUT BUTTER AND OATS SMOOTHIE**

**INGREDIENTS**
- 2 peanut butter granola bars + 1 chopped up
- 3 cups of almond milk
- 1 cup of Greek yogurt
- 2 bananas
- 1 tablespoon of honey
- ¾ cup of rolled oats
- 2 cups of ice

**MAKE IT!**
Place all of the ingredients minus the 1 chopped up granola bar into a blender and process on high speed until smooth. Garnish the top of the smoothie with the chopped granola bar.

**Inspired Recipe**

**INGREDIENTS**
- 2 peanut butter granola bars + 1 chopped up
- 3 cups of almond milk
- 1 cup of Greek yogurt
- 2 bananas
- 1 tablespoon of honey
- ¾ cup of rolled oats
- 2 cups of ice

**MAKE IT!**
Place all of the ingredients minus the 1 chopped up granola bar into a blender and process on high speed until smooth. Garnish the top of the smoothie with the chopped granola bar.
