EXOS ACCESSORIES

EXOS accessories by Franke are beautifully designed and can be incorporated individually in any architectural setting. Clear-cut lines. Sophisticated shapes, high quality, modular, easy to clean and hygienic. The timeless combination of stainless steel and glass makes for harmonious proportions.

EXOS accessories by Franke.
Features and design in harmony.

EXOS accessories
With EXOS accessories, Franke is setting a new direction: Clear-cut design, modular systems and high quality materials.

By the use of black or white toughened glass and gleaming stainless steel, different room ambiences can be created.

Toughened safety glass
Single glazed toughened safety glass is a material which, like stainless steel, is distinguished by its timeless character and its ability to be combined with other materials. Glass and stainless steel represent high quality and timeless elegance. You can no longer imagine modern room design without these two materials. Therefore, the deliberate combination of the two materials is particularly attractive.

In accordance with safety requirements in washrooms Franke only uses toughened safety glass.

Stainless steel
The use of stainless steel as a basic material for equipment in public and semi-public washrooms is standard, for good reason. This well established material combines a stylish appearance with functionality and durability. It can be perfectly combined and can be harmoniously supplemented with materials such as glass and ceramics. Because of its material properties, stainless steel can take on and reflect the colours of its environment. Stainless steel products can easily be integrated into almost any room. This material sets standards.

Stainless steel with InoxPlus refinement
With Franke's InoxPlus surface coating the already easy to clean stainless steel has been approved once more. And so, annoying finger prints which previously often adhered stubbornly to stainless steel now belong practically in the past.

This is a technology where nano particles interlock with the molecules on the metal surface and thus nestle closely against microscopic imperfections. The results are deep finished, easy to clean, fingerprint-resistant surfaces.

HAND SANITIZERS & SANITIZER STANDS
Touchless, Safe Hand Hygiene

Stainless steel hand sanitizer dispensers and sanitizer stands. The ultimate in flexibility, place them in entrances, hallways, and common areas. Franke sanitizer stands bring durability and hand hygiene together.

EXOS627X
EXOS Electronic Disinfectant Dispenser
— Wall mount assembly, can be used with Franke floor stands
— Type 304 stainless steel, with an easy to clean INOX finish
— Touch-free, infrared sensor activation
— 800 ml (27 oz) capacity tank with inspection window on the side
— Dispenses 0.6 to 1.1 ml of sanitizer per pump
— LED display shows battery status

RODX627H
Rodan Electronic Disinfectant Dispenser
— Wall mount assembly, can be used with Franke stands
— Type 304, 22 gauge stainless steel with satin finish
— Touch-free, infrared sensor activation
— 800 ml (27 oz) capacity refill tank with discrete inspection window on the side
— Front lock with Franke standard key
— Battery operated

Free-standing sanitizer stand and slim station. A small footprint and elegant design, perfectly paired with EXOS and Rodan touch-free disinfectant dispensers. Integral anti-spill drip tray keeps the area clean.

FRANKE ACCESSORIES: RODAN SERIES
STAINLESS STEEL FOR A LIFETIME OF SERVICE

The use of stainless steel as the material of first choice for in public and semi-public washrooms has become today's standard for good reason. This material is robust and easy to maintain, making it durable for the lifetime of the building. Washroom fixtures that inhibit vandalism and are easy to clean help building operators to keep service and maintenance costs to a minimum.

"Stainless steels contain at least 10.5% chromium (Cr) and no more than 1.2% carbon (C). They form a self-regenerating surface layer (passive layer) that gives the material its resistance to corrosion, thereby ensuring significantly improved characteristics compared to unalloyed steels. Franke uses steels with a higher chromium content and nickel as an additional alloy component for its sanitary fixtures. This combination further increases resistance to corrosion."

Source: Yasar Renkci, dipl. engineer metallurgy TU, Franke
RECESSED OR WALL MOUNTING?
WITH THE RODAN SERIES, THE CHOICE IS YOURS

With wall-mount and recess-mount models, Franke RODAN accessories give great flexibility in washroom fixtures. Prevention of vandalism, cleaning efficiency and sustainability are increasingly discussed and requested for new sanitary rooms or for retrofit in public, semi-public and commercial spaces.

Recessed mount models:
Flush mounting offers a reduced surface for wilful destruction and provides a space-saving solution in tight wash station areas and restrooms. Recessed mounting also minimizes cleaning time. An integrated mounting frame simplifies installation within drywall or solid construction frames.

Wall mount models:
Special wall mounting brackets enable the installer to complete the installation quickly and securely. The RODAN line’s universal hole patterns ensure great installation flexibility, especially when retrofitting the products.
**RODAN Paper towel dispenser — touch free**

for wall mounting, stainless steel, surface satin finished, 22 gauge material thickness, flat cover with cylinder lock and standard Franke key, infrared sensor for non-touch operation, integrated tear-off edge, needs 4 standard D batteries, maintenance-free mechanism and easy paper roll change mechanism, for rolls with max. width 205 mm (8 1/16") and max. diameter 200 mm (7 7/8"), paper length adjustable to 200, 250 and 300 mm (7 7/8", 9 13/16", 11 13/16"), including stainless steel screws and dowels.

290 x 390 x 226 mm (W x H x D)
11 7/16 x 15 3/8 x 8 7/8"

**RODX630**

**RODAN Paper towel dispenser — touch free - recessed mount**

for recessed wall mounting, stainless steel, surface satin finished, 22 gauge thickness, flat cover with cylinder lock and standard Franke key, IR sensor for non-touch operation, integrated tear-off edge, needs 4 standard D batteries, maintenance-free mechanism and easy paper roll change mechanism, for rolls with max. width 205 mm (8 1/16") and max. diameter 200 mm (7 7/8"), paper length adjustable to 200, 250 and 300 mm (7 7/8", 9 13/16", 11 13/16"), including stainless steel screws and dowels.

341 x 441 x 226 mm (W x H x D)
13 7/16 x 17 3/8 x 8 7/8"

**RODX630E**

**RODAN Paper towel dispenser**

for wall mounting, stainless steel, surface satin finished, 22 gauge material thickness, flat front cover, cylinder lock with Franke standard key, inspection windows on sides, loading capacity 500 - 800 paper towels depending on brand and folding, including stainless steel screws and dowels.

275 x 355 x 112 mm (W x H x D)
10 13/16 x 14 x 4 7/16"

**RODX600**

**RODAN Paper towel dispenser— recessed mount**

for recessed mounting, stainless steel, surface satin finished, 22 gauge material thickness, flat front cover, cylinder lock with Franke standard key, loading capacity 500 - 800 paper towels depending on brand and folding, including stainless steel screws and dowels.

324 x 513 x 112 mm (W x H x D)
12 3/4 x 20 3/16 x 4 7/16"
RODAN Washroom Accessories

**RODAN Paper towel dispenser — hidden mount**

For hidden mounting behind wall and mirror, stainless steel, surface satin finished, 22 gauge material thickness, capacity for 600 C-fold or 800 multifold paper towels, filling from bottom, including stainless steel screws and dowels.

342 x 464 x 113 mm (W x H x D)
13 7/16 x 18 1/14 x 4 7/16"

7 7/8 x 11 5/8 x 6 1/2"

RODX611

RODAN Waste bin

for wall mounting, stainless steel, surface satin finished, 22 gauge material thickness, rounded edges, mounting either with mounting bracket or directly onto the wall, including stainless steel screws and dowels.

Capacity: approx. 23 liters

355 x 460 x 168 mm (W x H x D)
14 x 18 1/16 x 6 5/8"

RODX605

RODAN Toilet roll holder with spindle system — surface mount

for wall mounting, stainless steel, surface satin finished, 22 gauge material thickness, flat front cover, cylinder lock with Franke standard key, for 2 rolls with max. Ø 120 mm, second roll will be released after consumption of first roll, reserve roll not visible, including stainless steel screws and dowels.

144 x 301 x 138 mm (W x H x D)
5 11/16 x 11 7/8 x 5 7/16"

RODX672

RODAN Toilet roll holder with spindle system — recessed

for recessed mounting, stainless steel, surface satin finished, 22 gauge material thickness, flat front cover, cylinder lock with Franke standard key, for 2 rolls with max. Ø 120 mm, second roll will be released after consumption of first roll, reserve roll not visible, including stainless steel screws and dowels.

184 x 341 x 138 mm (W x H x D)
7 1/4 x 13 7/16 x 5 7/16"

RODX672E
### RODAN Sanitizer dispenser — electronic activation, wall mount

- Touch-free, for wall mounting, stainless steel with satin finish, 22 gauge material thickness, folded front cover, cylinder lock with Franke standard key, inspection window on side, front cover with operating instructions, infrared sensor activity. Red light shows battery status, requires 6 x AA batteries. Suitable for disinfectant and lotions, includes 800 ml (27 oz) refill tank. Mounting height at least 12” (300 mm) above wash basin or table top, includes mounting materials.

- **Dimensions:** 154 x 463 x 143 mm (W x H x D)
- **Mounting Height:** 12” (300 mm)
- **Model:** RODX627H

### RODAN Soap dispenser — electronic activation, wall mount

- For wall mounting, stainless steel, surface satin finished, 22 gauge material thickness, flat front cover, cylinder lock with Franke standard key, infrared sensor for non-touch operation, LED indicates low-battery status, uses 6 x AA alkaline batteries, suitable for liquid soaps, lotions, antiseptic soaps, 800ml (27 oz) soap tank, dispenses 0.6 to 1.1 ml depending on soap, including stainless steel screws and dowels.

- **Dimensions:** 120 x 296 x 107 mm (W x H x D)
- **Model:** RODX625

### RODAN Soap dispenser — lever activation, wall mount

- For wall mounting, stainless steel, surface satin finished, 22 gauge material thickness, flat front cover, cylinder lock with Franke standard key, suitable for liquid soaps and lotions, 800ml (27 oz) soap tank, plastic dispensing handle, including stainless steel screws and dowels, and pull lever to activate.

- **Dimensions:** 116 x 321 x 143 mm (W x H x D)
- **Model:** RODX618

### RODAN Soap dispenser — lever activation, recessed mount

- For recessed mounting, stainless steel, surface satin finished, 22 gauge material thickness, folded front cover, cylinder lock with Franke standard key, suitable for liquid soaps and lotions, 800ml (27 oz) soap tank, lever to pull, including stainless steel screws and dowels.

- **Dimensions:** 154 x 463 x 143 mm (W x H x D)
