FRANKE WC PANS ARE DESIGNED TO REDUCE WATER CONSUMPTION BY UP TO 60%

WC Pans consume up to 90 percent of water usage in commercial buildings. New technology has been introduced to produce a new range that delivers high performance and aesthetically pleasing designs, to compliment the rest of the Franke sanitary ware products. Designed for ultimate hygiene solutions and ease of installation in public ablutions, the range caters for a wide variety of applications, from recreational facilities, shopping centres, petrol stations, airports and stadiums.

Product features:
- Hygienic, quality designs and excellent low water consumption
- Aesthetically pleasing design, with satin finish
- Pressed bowl and P-trap, with minimal welding through robotic welding technology
- Full flush of 6 litres
- Sturdy design and safety compliant with low maintenance compared with ceramic and composite materials
WC Pans, Squat Pans, Urinals & Showers

* Flush Valve, Bottle Trap & Fittings Not Included
Urinals: CB101: Flush Valve

Franke Model CB101 (flush valve) curved back urinal length...mm (please specify). Unit to be manufactured from Grade 304 (18/10) Stainless Steel. The urinal to be supplied with a concealed sparge pipe and a 22mm inlet with chrome plated conex fitting for connecting to high level cistern or urinal flush valve (elsewhere measured). Outlet to be situated on the left, or right, or centre (please specify) of the urinal with a 102mm removable domical grating and to include a built-in threaded plate. Urinal to be supplied with a tiling key to the sides and rear walls. The back to be fully sound deadened with vermin proof bitumastic material.

- Manufactured from 304(18/10) Stainless Steel
- Back of urinal fully sound deadened
- Sides and top complete with tiling key.
- For use with flush valve or high level cistern
- Concealed sparge pipe
- Supplied with a 70mm outlet
- Recessed Stainless Steel domical grating
- Free standing ends where end plate is exposed
- Sloped drip ledge for hygiene
- Standards lengths of 610 - 2440mm

Non Standard Wall & Floor Urinals (Available on request)

"L" Shaped Urinal:
Franke Model CB101 or CB102 “L” Shaped curve back urinal length (... x ...) (please specify) manufactured from Grade 304 (18/10) Stainless Steel. Unit will be supplied with one welded corner an easy assembly joint with sealing strip (as recommended).

"U" Shaped Urinal:
Franke Model CB101 or CB102 “U” Shaped curve back urinal length (... x ... x ...) (please specify) manufactured from Grade 304 (18/10) Stainless Steel. Unit will be supplied with two welded corners an easy assembly joints with sealing strip (as recommended).

Welded Corner:
All the right angled corners on “L” and “U” shaped urinals will be manufactured with welded joints to ensure the fall in the trough is maintained and the drainage to the outlet is accurate.

Easy Assembly Joint:
For ease of installation and transportation on lengths over 3000mm and for “L” and “U” shaped urinals. Urinals are manufactured in two sections and bolted together on site with an easy assembly joint. This joint will be sealed with a neoprene rubber sealing strip supplied with the urinal.
