EXOS. Opening Up New Horizons

EXOS. the new Franke system line, opens up new horizons with its accessories for public and semi-public areas. One line. One system. Once consistent design language, clear-cut shapes, a high quality standard, modular options for customised solutions. Sustainability is the key concept here.

EXOS. by Franke. One line. One design. Functionality in perfect harmony.

Order on Request. 12 week lead time
EXOS. accessories by Franke – functionality and performance. Interchangeable fronts made of high quality materials, such as stainless steel and glass, are beautifully designed and can be incorporated individually in any architectural setting. Clear-cut lines. Sophisticated shapes. The timeless design makes for harmonious proportions.

EXOS. accessories by Franke. Features and design in harmony.

**EXOS. MATERIAL**

Franke’s modular EXOS. system with its range of high quality materials is perfect for any situation. Customised. Modular. In existing or new architectural settings.

EXOS. and its materials. Sophisticated, high quality, robust, modern, easy to clean and hygienic. Everything well thought out. In one design line.

**Stainless steel**
The use of stainless steel as a basic material for equipment in public and semi-public washrooms is standard, for good reason. This well established material combines a stylish appearance with functionality and durability. It can be perfectly combined and can be harmoniously supplemented with materials such as glass and ceramics. Because of its material properties, stainless steel can take on and reflect the colours of its environment. Stainless steel products can easily be integrated into almost any room. This material sets standards.

**Stainless steel with InoxPlus refinement**
With Franke’s InoxPlus surface coating the already easy to clean stainless steel has been approved once more. And so, annoying finger prints which previously often adhered stubbornly to stainless steel now belong practically in the past.

This is a technology where nano particles interlock with the molecules on the metal surface and thus nestle closely against microscopic imperfections. The results are deep finished, easy to clean, fingerprint-resistant surfaces.

**Toughened safety glass**
Single glazed toughened safety glass is a material which, like stainless steel, is distinguished by its timeless character and its ability to be combined with other materials. Glass and stainless steel represent high quality and timeless elegance. You can no longer imagine modern room design without these two materials. Therefore, the deliberate combination of the two materials is particularly attractive.

In accordance with safety requirements in washrooms Franke only uses toughened safety glass.
### EXOS. Automatic Soap Dispenser

Automatic soap dispenser for wall mounting, stainless steel with satin finish, material thickness 1.2 mm, inspection window on side, infrared sensor activity for non-touch operation, LED display for low battery status, requires six 1.5 V AA batteries, suitable for liquid soap and lotions, includes 800 ml refill tank, dispenses 0.6 - 1.1 ml depending on soap, includes mounting materials. Different unit and front panel versions available.

WASHROOM ACCESSORIES

The use of Stainless Steel as the material of first choice for products in public and semi-public washrooms has become today’s standard for good reasons. This material is robust and, easy to maintain, and therefore is very durable which makes the products economical over the lifetime of the building. Sanitary fixtures that inhibit vandalism and are easy to clean help building operators to keep service and maintenance costs to a minimum.

Practical experience shows that using high-quality materials reduces the staining of products that helps to maintain the appearance of heavily used washrooms. Wash stations and accessories take on a hygienic atmosphere. Thanks to its durable and hygienic characteristics, Stainless Steel provides clean and safe products for public washrooms.
Hands Free

Franke always strive to find the ultimate hygiene solutions without compromising quality and durability. The hands free accessories range offer a hygienic solution for usage in heavily frequented washrooms, wards and rest rooms. The range includes a sensor operated: soap dispenser, paper towel dispenser and hand dryers.

Features
- Optimum Sanitary Hygiene
- Hygienic Grade 304 Stainless Steel
- Resource Efficient
- Vandalism Protection
- Infra-Red Sensor Operated

**Hand Dryer HF2400HD**

Sensor operated hand dryer for wall mounting, manufactured from Grade 304 1.2mm Stainless Steel, satin finish.

- Automatic cut-off
- Warm air output of 28m/s at 65°C
- Adjustable sensitivity from 100 to 300mm
- Vandal resistant lock, screws and key wrench

**Warm Air Hand Dryer Jetstream Airtronic**

Sensor operated hand dryer for wall mounting manufactured from Grade 304 1.2mm Stainless Steel, brushed finish.

- Automatic cut-off
- Warm air output of 90m/s at 55°C
- Adjustable sensitivity from 50 to 250mm
- Vandal resistant lock, screws and key wrench

**Electrical specification:**
- Connection voltage: 230 V, 50Hz
- Watts: 2.2/2.4 kW
- Motor: 200W Motor with 5500 RPM

**Hand Dryer HF2400HD**

- Connection voltage: 230 V, 50Hz
- Total Power: 1000 kW
- Motor: 500W motor with 29000 RPM

**Electronic Paper Towel Dispenser RODX630**

Touch free paper towel dispenser for wall mounting, stainless steel, surface satin finished, material thickness 0.8 mm, folded cover with cylinder lock and standard Franke key, infrared sensor activity for non-touch operation, integrated tear-off edge, needs 4 pcs. standard D 1.5 V batteries, maintenance free mechanic and easy paper roll change mechanism, for rolls with max. width 205 mm and max. diameter 200 mm, paper length adjustable to 200, 250 and 300 mm, incl. stainless steel screws and dowels.

- Type of Batteries: Standard D 1.5 V
- No. of Batteries: 4

Stratos

Stratos - Smart Hygiene Solutions

The Stratos Designer Range has a unique arched design which compliments any washroom, giving the space a coordinated and elegant appearance.

Features
- Designed for heavy duty applications
- Manufactured from Grade 304 Stainless Steel
- Hygienic & vandal resistant
- Easy to clean - the STRATOS range of accessories is surface treated with InoxPlus Technology - which visibly reduces fingerprints

What is InoxPlus Technology:

Franke has created the first stainless-steel surface treatment to use nanotechnology to provide a guaranteed long-lasting, clean finish and appearance.

Properties:
- reduced visibility of fingerprints
- easy to clean
- temperature-resistant 25°C to +80°C
- strong adhesion to the surface
- high abrasion resistance
- resistant against most cleaners
- resistant against acids and alkaline fluids used in household cleaners
Foam Dispenser STRX616

Foam soap dispenser for wall mounting, manufactured from 1.5 mm Stainless Steel, surface satin finished with surface treatment - InoxPlus (anti fingerprint). The foam dispenser suitable for foam soap. Type of soap container: single-use bag. Cylinder lock with Franke standard key, includes mounting kit.

STRX616 100 x 134 x 304 2120047

Soap Dispenser STRX618

Surface mounted soap dispenser, manufactured from Grade 304 1,2/1,5mm Stainless Steel, satin finished with surface treatment - InoxPlus (anti fingerprint). The soap dispenser incorporates a replaceable and refillable 1 litre container which is suitable for liquid and antiseptic soaps and lotions. Cylinder lock with Franke standard key, includes mounting kit.

STRX618 100 x 134 x 304 2120041

Soap Dispenser Electronic Sensor STRX625

Touch free soap dispenser for wall mounting, manufactured from 1.5mm Stainless Steel, satin finished with InoxPlus surface treatment. Curved front cover, cylinder lock with Franke standard key and inspection window on front. Infrared sensor activity for non-touch operation.

- InoxPlus surface refinement for the reduction of finger marks and better cleaning characteristics
- LED-light shows battery status
- Integrated refillable 0.8 litre soap tank suitable for liquid soaps and lotions
- Mounting height >300 mm above wash basin or table top
- betw. 0.6 and 1.1 ml dispensed.

Filling quantity: 800 ml
Type of Batteries: AA Mignon battery 1.5 V
No. of Batteries: 6

STRX625 120 x 126 x 303 2120043

Double Toilet Roll Holder STRX672

*Non-stock item with 8 week lead time*

Toilet roll holder with spindle system for wall mounting, manufactured from Grade 304 1,2/1,5mm Stainless Steel, satin finished with surface treatment - InoxPlus (anti fingerprint). Cylinder lock with Franke standard key; for 2 rolls maximum 108 mm diameter, the reserve roll is not visible dropping automatically into the dispensing position after finishing of the first roll, includes mounting kit.

STRX672 156 x 141 x 303 2120044
### Paper Towel Dispenser STRX600

Surface mounted paper towel dispenser, manufactured from Grade 304 1.2/1.5mm Stainless Steel; satin finished with surface treatment - InoxPlus (anti fingerprint). Cylinder lock with Franke standard key. The paper towel dispenser has a capacity of 300 - 400 towels depending on the type and folding. Suitable paper towel sizes (mm):
- Min 240 x 85
- Max 250 x 105
- Ideal 250 x 95

Double toilet roll holder with spindle system for recessed mounting, 0.8 mm Stainless Steel, surface satin finished. Folded front cover. Cylinder lock with Franke standard key. For 2 rolls with max. Ø 120 mm, second roll will be released after consumption of first roll, reserve roll not visible, includes Stainless Steel screws and dowels.

RODX672E  184 x 138 x 341   2120102

**Recessed Waste Bin RODX605E**

*Non-stock item with 8 week lead time*
Waste bin for recessed mounting, 0.8 mm Stainless Steel, surface satin finished. Rounded edges. Cylinder lock with Franke standard key, approx. 23 liter capacity, mounting with in-wall frame, includes Stainless Steel screws and dowels.

RODX605E  408 x 169 x 690   2120098

**Recessed Paper Towel Dispenser and Waste Bin Combination RODX602E**

*Non-stock item with 8 week lead time*
Paper towel dispenser and waste bin combination for recessed mounting, 0.8 mm Stainless Steel, surface satin finished. Folded front cover. Cylinder lock with Franke standard key, loading capacity 500 - 800 pcs. of paper depending on convolution, waste bin with approx. 23 liter capacity, includes Stainless Steel screws and dowels.

RODX602E  408 x 169 x 1145   2120094

Order on Request. 12 week lead time
The Franke Chronos model Range is designed to equip washroom and sanitary facilities in a functional, versatile and aesthetically pleasing way. Wall mounted Stainless Steel Washroom Accessories including soap dispensers, waste bins, paper towel dispensers, toilet roll holders and coat hooks, suitable for use in all areas.

Features

- Classic Design
- Manufactured from Grade 304 Stainless Steel, Brushed finish
- Front Sections made with pressed fittings
- Precision Locking
- Surface-mounted models
- Controlled paper outlet
- Automatic loading of toilet rolls
- Self-closing flap lid

### Soap Dispenser SD80
Soap Dispenser, for basin or counter top installations, manufactured from chromium plated brass. Incorporates a replaceable 1 litre polyethylene container for use with liquid soap. Can be filled from above if required. Installation hole diameter required is 22mm.

Self Closing Taps

Complementing the Franke range of accessories is a range of basin taps and mixers, designed to improve hygiene and decrease water consumption in public ablutions. The range of electronic sensor taps and self closing taps are available in a choice of designs with or without a user operated temperature mixer. When operated, the water flows for a set period, which is adjustable by the installer and then closes automatically. With good aesthetic design and very reliable technology the products meet the high demands placed on modern sanitary fittings. The taps are suitable for a wide range of applications in public, commercial washroom and sanitary installations.
**Self Closing Taps**

**Protronic-S AQUA130**  
**Hands Free Hot and Cold Metering Tap**  
Protronic-S mains-independent, opto-electronically-controlled washbasin mixer DN15 with theft-proof aerator with integrated flow rate regulator. Wash basin mixer with battery operation.
