

FRANKE

HIGH LIGHTS

2026-2027

It's always been in our heritage to meet your **needs.**

Beautiful and made for real-life use. Steel represents our kitchen ideal.

The sheer quality of Franke products can be seen and felt. We use AISI 304 18/10 steel, which is produced in Italy and Europe: a choice that reflects our dedication to quality, one of our core priorities over the 100-plus years of our history.

Strong and robust, it maintains its brilliance over time, making it the defining feature of the living spaces in which it is installed.

Its superb technical features ensure that it is always in demand, and highly appreciated by professionals in the haute cuisine sector: furthermore, stainless steel is an extremely hygienic material, and is easy to clean and recyclable. Aesthetically pleasing and functional to use: stainless steel really represents quality in shining armour.

Customer Care and Technical Assistance

Our expert team are always on hand to service and repair your boiling water taps, waste disposal units and cooker hoods, both in or out of guarantee.

Offering UK-wide coverage, our technicians can visit any location at your convenience; doing whatever is needed to get things up and running again as soon as they can.

What's more, our consumer care team can provide further After Care service, with spare parts available from our Central Services website.

Guaranteed peace of mind

We're so confident in the quality of our products, that every Franke sink is guaranteed for 50 years, and is suitable for use with boiling water taps. While our waste disposal units are covered for 10 years – more than any other brand.

In addition, all our sinks are fully compliant with BS EN13310 and all our manufacturing processes are ISO9001 certified.

Franke taps are guaranteed for 1 year on the finish (5 years for Stainless Steel taps) and 5 years on valve mechanisms and working parts. The guarantee on filtered and instant boiling water taps is shown on the relevant page.

Franke Appliances & Hoods are guaranteed for 2 years. The guarantee covers the cost of parts and labour in the event of a breakdown, caused by mechanical or electrical failure of the appliance.

Mythos Water Hub

We've gone all-in-one
WATER YOUR WAY

Enjoy all your favourite water experiences in one tap

Sorry, you may need to find new uses for your old ice trays, soda carbonator and kettle thanks to the Mythos Water Hub, an innovative all-in-one home water solution that allows you to easily choose and instantly access your preferred choice of water including instant boiling, ambient, chilled, and sparkling.

Did you know?

By choosing a Franke Mythos Water Hub instant boiling water tap, you can be reassured that all models are approved for use with all Franke sinks - Stainless Steel, Fraganite, Tectonite or Ceramic.

For all tastes

With a 6-in-1 design approach, you and your guests have a choice of hot or cold water and four special filtered water functions: instant boiling, chilled, ambient, and sparkling. Water your way is now at a touch of the tap.

Simplicity under the sink

With its multifunctional system and one box compact solution featuring electronic LED indication for intuitive and easy handling, the new Mythos Water Hub can be easily installed underneath the sink, saving space within the kitchen.

Stay connected

A dedicated App enables users to set water parameters of different functions, ensuring a personalised water experience and a more harmonious everyday lifestyle. They can set the boiling water temperature, the carbonation level or the quantity of water dispensed in the continuous flow functions. The users can also check the system status and order required device consumables.

Healthier home, healthier planet

Due to having filtered and sparkling water readily available, you can reduce the need for plastic bottles in your home by up to 99%. A small switch for a greener future.

Turn the left knob for instant boiling, ambient, chilled, and sparkling water.

Turn the right lever for regular cold and hot water.

Consumables

Pro M Connect Filter

It prevents limescale formation in the boiler, removes contaminants and stabilises good minerals in the water. The integrated RFID technology* ensures that the Franke device shares a notification when the filter needs to be changed.

Replacement cartridge
150.0717.797

Clear Water Connect Filter

An optional replacement filter with integrated RFID technology* for homes with an existing main water filtering system or where the main water supply is particularly low in limescale.

Replacement cartridge
150.0722.734

CO2 Cylinder

Made in steel and pressurised for safe transportation without loss of gas, and featuring easy turn fixation and release system allowing simple access.

Disinfection Kit

After using the system for some time, depending on the main water quality, the device as well as the app will suggest a system clean using a specific chemical tablet.

A touch of style

The Mythos Water Hub tap is available in Stainless Steel, Matt Black and in a range of stylish metallic finishes - Gold, Copper, and Anthracite. It features an advanced electronic control system with LED lighting, seamlessly combining striking aesthetics with exceptional ease.

Stand-by

Available to activate with a touch.

Ambient

Instant ambient filtered water ensures each glass is pure, safe and delicious.

Chilled

Instant filtered chilled water frees up fridge and freezer space while shortening the time to prepare refreshments.

Boiling

Instant filtered boiling water is ideal for preparing hot drinks, such as tea and coffee, and cooking food, saving time and energy.

Sparkling

Instant filtered sparkling water, for better digestion and healthy alternative to sugar drinks.

Sparkling medium

Instant filtered sparkling water with lighter carbonation for more delicate palates.

Simply push the electronic control to activate, then turn and select the desired water function, following the colours shown and push and hold to start the water flow. Once you have the amount of water you need, just release the control. Alternatively, after selecting the desired water function, push the control two times for a continuous water flow of 1L for boiling and 0,5L for the other functions, or three times for 2L for boiling and 1L for the other functions. These water flow volumes can be customised at any time via the dedicated Franke App. The water flow will stop automatically according to the selected water function.

more about Maris
Water Hub

Did you know?

By choosing a Franke Maris Water Hub instant boiling water tap, you can be reassured that all models are approved for use with all Franke sinks - Stainless Steel, FrAGRanite, Tectonite or Ceramic.

Enjoy more kitchen space

Featuring tap, boiler, filter and filter head with a compact design that's easy to install underneath the sink granting you more room above. Easily fits beneath a Belfast ceramic sink.

Bye-bye energy waste

Thanks to innovative design and an A energy rating, the Maris Water Hub boils water in a more efficient way compared to a traditional kettle which involves significant energy usage and potential waste.

K-LINK Technology

Home is at its best when every element works in seamless harmony.

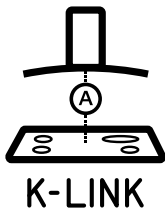

Innovative K-LINK technology is an intelligent connection between selected induction hobs and hoods, bringing greater control, convenience, and effortless flow to your kitchen.

A breath of fresh air

K-LINK technology seamlessly connects selected Maris and Mythos hobs and hoods for a more efficient, hands-free kitchen experience. It reduces energy use and noise by avoiding excessive suction levels, and keeps the hood running briefly after cooking to clear remaining steam and vapour. Activated with a simple gesture, it delivers maximum convenience.

Drip-Free Range

Innovative anti-condensation technology for a seamless cooking experience

No drips, no drama

Our innovative Drip-Free technology combines powerful suction, optimised airflow, and a specially angled filter to channel condensation into an easily removable drip tray for effortless maintenance. The extending glass visor helps protect cabinet edges from moisture damage while keeping the hood discreetly concealed. Finished in sleek black, it blends seamlessly into your kitchen while adding a touch of modern elegance.

Available across the Mythos and Maris product families, with a range of added features.

Mythos

For an effortless cooking experience, choose the Mythos Built-In Hood, with K-Link technology, sleek LED bars and a heated visor, it minimizes dripping during cooking, while delivering powerful performance.

For experiencing ultimate innovation, choose the Mythos Extreme hood, thanks to the patented design with two micro-fans in the visor and inclined baffle filters, K-Link technology and LED illumination, this hood prevents drips from affecting your hob and enhance your cooking experience.

Maris

Choose Maris Hoods for a sleek, modern touch in your favorite space. With a timeless design and exceptional performance, it offers A-class energy efficiency, intuitive touch controls, elegant LED spotlights, and a powerful induction motor. The perfect blend of style, efficiency, and functionality for your kitchen.

Elite Slimline Food Waste Disposers

Cook like a chef, grind like a master

10
YEARS
GUARANTEE

Smart food waste management for cleaner kitchens and a greener future

Franke Food Waste Disposers deliver a convenient, hygienic solution for handling everyday food waste, maintaining a cleaner kitchen environment, reducing unwanted odours, and supporting sustainable waste management.

Recent legislation and local authority initiatives are helping reduce food waste through household food caddy collections. As consumer awareness grows, food waste disposers are becoming an increasingly valuable addition to modern kitchens. An easy add-on to any sink, they offer a cleaner, more convenient and sustainable way to manage everyday food waste.

Why choose an Elite Slimline Waste Disposal unit?
