

List of Abbreviations - en

1	A	Fully automatic
2	AC	Accounting system
3	BIM	File for building information modeling
4	CAD	File for computer-aided design
5	CC	Coin changer
6	CC05	Chill & Cup 5 l (cooling unit and cup warmer for max. 80 cups)
7	CGSh	Coffee grounds separator - hanging version
8	CGSs	Coffee grounds separator - standing version
9	CH	Swiss version
10	CL	Cashless
11	CM	CleanMaster cleaning system
12	CN	Chinese version
13	CSP	Cleaning supplies passport
14	CV	Coin validator
15	CW270	Cup warmer (width 270 mm)
16	de	German language
17	DPE	Diaphragm pump external
18	DM	Double Media Pump Module
19	EC	EasyClean cleaning system
20	en	English language
21	EU	European version
22	FM	FoamMaster (cold and warm milk, cold and warm milk foam)
23	FOV	Feature overview
24	FS30	Flavor Station (add-on unit, 3 flavor pumps)
25	FS60	Flavor Station (add-on unit, 6 flavor pumps)
26	FSU30	Flavor Station (placed under the counter, 3 flavor pumps)
27	FSU60	Flavor Station (placed under the counter, 6 flavor pumps)
28	FSU60 CM	Flavor Station FSU60 CM (placed under the counter, 6 flavor pumps, CleanMaster)
29	FV	Front view
30	G	Grinder
31	GB	British version
32	H	Hot water spout
33	IC	Iced Coffee Module
34	IMT	IndividualMilk Technology
35	ISU	Instruction for safe use
36	JP	Japanese version
37	KE200	4 l cooling unit (add-on unit)
38	l	Large (tall A300 version)
39	MS	Milk system
40	MU	Milk pump module
41	NM	NoMilk (no steam wand, no steam boiler)
42	OF	Order form
43	OM	One Media Pump Module
44	P	Powder system
45	QF	Foodservice equipment
46	s	Small (low version A300)
47	S	Semi automatic
48	S1	Steam wand (manual)
49	S2	Autosteam (steam wand with temperature sensor)
50	S3	Autosteam Pro (steam wand with temperature sensor and programmable milk foam consistency)
51	SB	Specialty Beverage Station
52	SDS	Safety data sheet
53	SU03	3 l cooling unit (add-on unit)
54	SU05	5 l cooling unit (add-on unit)
55	SU12	12 l cooling unit (add-on unit)
56	SV	Side view
57	TA	Take Away (larger version)
58	Tank	Internal water tank
59	TD	Technical Datasheet
60	TS	TwoStep (manual milk foam production using steam boiler and steam wand)
61	TT	Tender text
62	TV	Top view
63	Twin	Twin system (2 fully automatics with 1 cooling unit)
64	UC05	5 l cooling unit (placed under the coffee machine)
65	UC09	9 l cooling unit (placed under the coffee machine)
66	US	US version
67	UT05	5 l cooling unit (placed under the counter)
68	UT12	12 l cooling unit (placed under the counter)
69	UT40 CM	4x10 l cooling unit (placed under the counter, CleanMaster)
70	W1	Internal water tank + mains water connection (optional)
71	W2	Mains water connection + internal water tank (optional)
72	W3	Internal water tank
73	W4	Mains water connection
