# Franke Group

Franke is a leading global supplier of products and services for residential kitchens, the foodservice and convenience store segments, and the professional coffee-making industry. It is represented on five continents through more than 60 companies. About 7,600 employees constantly strive to develop innovative, adaptable solutions to meet the current and future needs of business partners and consumers.

The products and services of its three divisions enable partners to keep pace with developments in a rapidly changing world. Franke combines cutting-edge technology, functional aesthetics and integrated services to deliver efficient, smart and sustainable solutions. It creates kitchen worlds and coffee-making systems that fit flexibly into the living spaces of today and tomorrow.

# FRANKE GROUP IN MORE DETAIL

## Franke Home Solutions

Franke Home Solutions is the world's leading provider of intelligent systems and integrated solutions for residential kitchens, combining exclusive design with Swiss quality and full-potential functionality, to fulfill better living. Recognized for its expertise and reliability, it builds successful long-term relationships with its partners, helping them to strengthen their business. In addition, its product range empowers all home lovers to create their ideal kitchen and home, and supports them in fulfilling their evolving life ambitions. Also known as an original equipment manufacturer, it provides bespoke solutions for customers around the globe.

### Systems and Solutions

Franke Home Solutions focuses on providing integrated systems and solutions dedicated to the enhancement of food preparation, cooking and preservation, water and indoor air quality treatment, as well as dishwashing and waste disposal. Its ranges include sinks, taps, hoods, ovens, hobs, refrigerators, dishwashers, accessories, waste management systems as well as water and indoor air quality treatment products.

## Franke Foodservice Systems

Franke Foodservice Systems is a world-leading supplier of innovative kitchen facilities, equipment and supplies solutions that meet the diverse needs of restaurant operators and food retailers. As a full-system manufacturer, distributor and program management partner, it serves global chains in the quick-service restaurant and convenience store segments, helping them to manage unit growth and implement upgrades to their facilities. Activities include outfitting new or renovated stores, assisting with campaigns to launch new menu items or service concepts, and swiftly delivering replacement equipment and other supplies to customers.

### Systems and Solutions

As a manufacturer and distributor, Franke Foodservice Systems efficiently manages a range of facility and equipment projects for its customers. As an innovator of new technologies for kitchens, it develops products to meet evolving needs in areas including dispensing, hot and cold food holding, and transportation. Its solutions also comprise automation, networked operation and artificial intelligence to support the advanced use of technology by forward-looking customers.

## Franke Coffee Systems

Franke Coffee Systems is a leading global provider of advanced solutions for professional coffee preparation. Headquartered in Switzerland, the company has locations in Germany, the UK, Italy, China, Japan and the US, supported by a global service and distribution network of more than 320 partners. With a strong focus on innovation, Franke Coffee Systems is committed to delivering consistently high in-cup quality, a broad beverage offering and an outstanding customer experience.

### Systems and Solutions

Franke Coffee Systems offers a comprehensive portfolio of professional coffee solutions. This includes fully automatic and semi-automatic machines as well as traditional coffee machines through its Dalla Corte brand, complemented with add-on units and a suite of digital services. By connecting coffee machines to the cloud, the brand is leading the way in remote management and smart coffee solutions.
