

Smart Sink Range

Premium Stainless Steel Undermount Sinks manufactured in Italy.

Franke South Africa is proud to present the Smart Sink Range – a sleek, modern collection of high-quality stainless-steel undermount sinks, expertly crafted in Italy and designed to bring everyday elegance to your kitchen.

Smart Sink Features:

- Austenitic stainless-steel
- 90mm Designer Waste fitting
- Overflow
- Deep Bowls
- Easy installation
- Low maintenance care
- 25-year warranty

Why Choose Smart?

The Smart Range is part of the Franke Home Solutions product family, designed to offer:

- Flexible installation to suit a variety of kitchen layouts
- Modern minimalist design with timeless appeal
- Outstanding value

Whether you're building your dream kitchen or upgrading an existing one, the Smart Sink Range delivers on both practicality and premium aesthetics—without compromise.

Seamless Compatibility Across the Range

All sinks in the Smart Range are designed with uniform front-to-back measurements, allowing for seamless combination and layout flexibility. Whether you're installing a single or double bowl, or mixing different sizes side by side, the consistent dimensions ensure a streamlined fit and professional finish in any kitchen design.
