

AT02-005AC Polished wallmount faucet, AC | 253.0221.372

Aquarius hands-free commercial faucets are made for use in high demand, heavy traffic areas, where durability, reliability, and vandal resistance matter most. Aquarius faucets are easy to install, offer plug-in (AC) or battery (DC) power options, and contain highly intelligent electronic controls with programmable sensor ranges, run times, and automatic purging to eliminate stagnant water and help maintain outflow temperatures. Included with an optional anti-rotation pin for ease of installation and vandal resistance. Several helpful reporting features can also be accessed via an optional handheld controller. Manufactured from corrosion resistant Type 316 stainless steel with a high polished finish. 5 Lpm (litre per minute) / 1.32 gpm (gallons per minute) laminar flow. Certified to ASME A112.18.1/CSA B125.1 AT02-005AC, AC powered.

Product Dimensions

Overall front to back	5.906
Overall left to right	2.165
Overall height	2.165
Spout projection	4.724

Installation

Installation type	Wallmounted
-------------------	-------------

Product specifications

Type of material	Type 316
Certification	cUPC
Surface finish	Polished stainless
Type of operation	Hands free
Type of sensor	Infrared
Type of mixing	MIX-LF sold separately
Type of faucet	Straight
Flow rate litres	5 Lpm
Power supply connection	AC

Product identification

Model	AT02-005AC
Brand	FRANKE
Product category	Washroom accessories
Washroom accessories category	Faucets
