

Steel Hot Filtered Faucet - LB13191CHG | 119.0659.616

Technical Data

| Aspect                       |                     |
|------------------------------|---------------------|
| Spout type                   | J - spout           |
| Color                        | Champagne gold      |
| Type of material             | Stainless steel 304 |
| Product Dimensions           |                     |
| Faucet hole diameter         | 31,75 mm            |
| Cartridge dimension          | 12,70 mm            |
| Installation                 |                     |
| Mounting type                | Shank               |
| Water supply hose connection | 3/8"                |
| Water supply hose length     | 1524 mm             |
| Product specifications       |                     |
| Pressure                     | High pressure       |
| Faucet type                  | Swivel spout        |
| Faucet operation             | Side lever          |
| Faucet rotation              | 360°                |
| Product identification       |                     |
| Product brand                | FRANKE              |
| Product family               | Maris               |
| Collection                   | Steel               |
| Features                     |                     |
| Water saving feature         | No                  |
| Type of aerator              | Laminar             |
| Little butler type           | Heating tank        |
