

Universal Hot Filtered - UNL-HO-304 | 119.0704.774

| Technical Data               |                     |
|------------------------------|---------------------|
| Aspect                       |                     |
| Spout type                   | L - spout           |
| Color                        | Stainless steel     |
| Type of material             | Stainless steel 304 |
| Product Dimensions           |                     |
| Faucet hole diameter         | 31,75 mm            |
| Cartridge dimension          | 12,70 mm            |
| Installation                 |                     |
| Mounting type                | Shank               |
| Water supply hose connection | 3/8"                |
| Water supply hose length     | 1524 mm             |
| Product specifications       |                     |
| Pressure                     | High pressure       |
| Faucet type                  | Swivel spout        |
| Faucet operation             | Side lever          |
| Faucet rotation              | 360°                |
| Product identification       |                     |
| Product brand                | FRANKE              |
| Product family               | None                |
| Collection                   | Universal           |
| Features                     |                     |
| Water saving feature         | No                  |
| Type of aerator              | Laminar             |
| Little butler type           | Heating tank        |
| Little butler type           | Water filtration    |
